

Safety Data Sheet

Formula No: 2933

Revision Date: 18 AUG 2023 Superseded Date: 24 OCT 2017

Mirachem Floor Cleaner

IDENTIFICATION OF SUBSTANCE / PREPARATION AND OF THE COMPANY

Mirachem Floor Cleaner Product name:

Identified uses: Concentrated industrial floor cleaner for use at 1-7%. Use restrictions: Use only for the purposes indicated on the label.

Company: Mirachem, LLC

P.O. Box 14059

Phoenix, Arizona 85063-4059

SDS@mirachem.com Email address:

Customer service: USA (English) Telephone: 1 (800) 847-3527

HAZARD(S) IDENTIFICATION

GHS Classification SKIN CORROSION / IRRITATION Category 3

> **EYE IRRITATION** Category 2A

GHS Label Elements Pictogram

Signal word Warning

Hazard statements Causes mild skin irritation (H316)

Causes serious eye irritation (H320)

Precautionary Statements

Prevention: Wash hands thoroughly after handling (P264).

Wear eye protection (P280).

IF ON SKIN: If skin irritation occurs; get medical advice (P332+P313) Response:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Continue rinsing. (P305+P351+P338)

If eye irritation persists: Get medical advice/attention. (P337+P313)

Storage: None required.

Disposal: Dispose of contents / container in accordance with local, state and federal regulations

(P501). See SECTION 13 - DISPOSAL CONSIDERATIONS, for additional waste

disposal information.

Mirachem Floor Cleaner Revision Date: 12-SEP-2023 Formulation Number 2933

3. COMPOSITION / INFORMATION ON INGREDIENTS

<u>Chemical characterization:</u> Mixture (water based)

Ingredients:	CAS Number	<u>Percent</u>
Water	7732-18-5	> 85
Components contributing to classification	Trade Secret*	< 8
Non-contributing components	Trade Secret*	< 7

^{*} Composition of these ingredients & their concentration is a trade secret in accordance with 29 CFR paragraph (i) §1910.1200.

4. FIRST AID MEASURES

Protection of First-Aiders: First aid responders should pay attention to self-protection and use the recommended

protective clothing (chemical resistant gloves, splash protection). If potential for exposure exists refer to SECTION 8 – EXPOSURE CONTROLS / PERSONAL

PROTECTION, for specific personal protective equipment.

Inhalation: No adverse effects are anticipated. Remove to fresh air. If breathing is difficult, get

medical assistance.

Eye contact: May cause serious eye irritation. Immediately rinse cautiously with water for several

minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye

irritation persists, get medical attention.

Ingestion: No adverse health effects are anticipated. If swallowed, treat symptomatically and

supportively. Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. If adverse health effects develop, persist or are severe, seek medical attention if you feel unwell. Never give anything by mouth to an unconscious

person.

Skin contact: Prolonged or repeated exposure may cause mild irritation or drying of skin. If on skin,

wash with plenty of water. If you feel unwell or irritation develops or persists, get

medical attention.

Symptoms and effects, both acute

and delayed:

Aside from the information provided above and below, no additional symptoms and

effects are anticipated.

Notes to physician: No specific antidote. Treatment of exposure should be directed at the control of

symptoms and the clinical condition of the patient. Skin contact may aggravate pre-

existing dermatitis.

5. FIRE FIGHTING MEASURES

Suitable extinguishing media: Water fog or fine spray. Dry chemical fire extinguishers. Carbon dioxide fire

extinguishers. Foam. Alcohol resistant foams (ATC type) are preferred. General purpose synthetic foams (including AFFF) or protein foams may function, but will be

less effective. Do not use direct water stream. May spread fire.

Unusual fire and explosion hazards: In a fire or if heated, a pressure increase will occur, and the container may burst.

Hazardous thermal decomposition

products:

Decomposition products may include the following materials: carbon dioxide, carbon

monoxide, nitrogen oxides.

Special precautions for fire fighters:

Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving personal risk or without suitable

training.

Special protective equipment for

fire fighters:

Fire fighters should wear appropriate protective equipment and self-contained breathing

apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Mirachem Floor Cleaner Revision Date: 18-AUG-2023 Formulation Number 2933 Page 2 of 6

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency

procedures:

Isolate area. Keep unnecessary and unprotected personnel from entering the area. Spilled material may cause a slipping hazard. Use appropriate safety equipment. For additional information, refer to SECTION 8 - EXPOSURE CONTROLS AND

PERSONAL PROTECTION. Refer to SECTION 7 - HANDLING AND STORAGE, for

additional precautionary measures.

Environmental precautions: Prevent concentrated product entry into storm sewers and waterways. See SECTION

12 - ECOLOGICAL INFORMATION for additional information

Methods for cleaning up: Small Spills: Clean up with absorbent and collect absorbent for disposal in accordance

with Federal, State or local disposal requirements.

Large Spills: Dike or otherwise contain spilled material. Collect and drum off material for disposal in accordance with Federal, State or local disposal requirements. Rinse with water. See SECTION 13 – DISPOSAL CONSIDERATIONS and SECTION 15 –

REGULATORY REQUIREMENTS for additional information.

7. HANDLING AND STORAGE

Precautions for safe handling: Avoid contact with eyes. Wash hands thoroughly after handling. Keep container closed.

Promptly clean up spills. See SECTION 8 - EXPOSURE CONTROLS / PERSONAL

PROTECTION for additional information.

Conditions for safe storage, including incompatibilities:

Keep containers tightly closed. Protect from freezing; may rupture or degrade product.

Store between 40°F (4°C) and 110°F (43°C). Keep out of reach of children.

The shelf life for unopened containers stored under the above conditions is 24 months

from the date on the package.

Recommended packaging

materials:

Use original container or clean plastic (polyethylene) containers.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters: None established (under ACGIH or OSHA)

Engineering controls: Good ventilation should be sufficient to control worker exposure to airborne

contaminants. Provide eye wash station within close proximity to product usage.

Eye/Face protection: Safety glasses with side shields (or chemical goggles) and face shield (if splashing is

likely) to prevent eye and face exposure.

Skin protection: Wear protective gloves/protective clothing as needed to prevent excessive skin

contact.

Hand protection: Under intended handling conditions, no protective gloves are required. Use

protective gloves as required for the situation. Nitrile, vinyl or latex gloves of 4 mil

thickness or greater are recommended.

Respiratory protection: Under intended handling conditions, no respiratory protection should be needed. Do

not breathe dusts or mists. Use NIOSH or MSHA approved respirator where

conditions may cause exposure limits to be exceeded.

Personal hygiene: Use good personal hygiene. Do not consume or store food in the work area. Wash

hands before smoking or eating.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Light Yellow Liquid Vapor pressure @ 20°C 0.0020 mm Hg*

0.0020 mm Hg* @ 37°C

Odor: Light detergent Vapor density (air = 1)

Odor threshold: Not established :Ha 10.5 - 11.410.0 - 10.9pH at use dilution (5%):

Melting point: Not applicable to liquids

Freezing point: 32°F (0 °C) Initial boiling point: Not established **Evaporation rate:** > 1 (Butyl Acetate = 1) Not established Flash point: Flammability: Not classified

Relative density: Not established Solubility in water: Complete Partition coefficient: Not established Auto-ignition temperature: Not established **Decomposition temperature:** Not established Viscosity @ 20°C: < 100 cSt Liquid density @ 20°C: 1.0518 g/cm³ VOC**, undiluted 0 g/l (0.00 lb./gal) Use dilution (5%) 0 g/l (0.00 lb./gal)

Flammable limits in air: Not established

10. STABILITY AND REACTIVITY

Chemical stability & reactivity: The product is stable.

Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous polymerization will not occur.

Conditions to avoid: No specific data.

Incompatible materials: Avoid contact with strong acids, strong bases, or strong oxidizers.

Under normal conditions of storage and use, hazardous decomposition products should Hazardous decomposition

not be produced. Thermal decomposition may produce CO₂ products:

11. TOXICOLOGICAL INFORMATION

The GHS I	nealth hazard	classifications	have beer	n calculated	adhering t	o GHS	guidelines	for m	nixtures.	The	Acute	Toxicity
Estimates f	or this mixture	(ATE _{mix}) are re	epresentati	ve of these	calculations							

Likely routes of exposure: Innalation	Skin contact	X Eye co	ontact X	ingestion _	
---------------------------------------	--------------	----------	----------	-------------	--

Acute Toxicity:

Oral: Not classified Not classified Dermal: Not classified Inhalation: Other routes: Not applicable

Skin corrosion/irritation: May be mildly irritating to skin May cause serious eye irritation Serious eye damage/irritation: Skin sensitization: No relevant data available Respiratory sensitizer: No relevant data available

Chronic Toxicity:

Mutagenicity: No relevant data available Carcinogenicity: No relevant data available Teratogenicity: No relevant data available

Developmental / fertility effects: No known significant effects or critical hazards

Specific Target Organ Toxicity No relevant data available Single dose: (STOT) Repeat exposure: No relevant data available

Aspiration hazard: No relevant data available

Mirachem Floor Cleaner **Revision Date:** 18-AUG-2023 Formulation Number 2933 4 of 6 Page

Absolute (calculated)

The VOC in this product has a vapor pressure of less than 0.1 mm Hg. Under many jurisdictions, this is classified as a low vapor pressure VOC. This material is *not* listed as a "Hazardous Air Pollutant (HAP)" under the Clean Air Act (CAA) list of volatile or organic hazardous air pollutants.

12. ECOLOGICAL INFORMATION

The GHS environmental hazard classifications have been calculated adhering to GHS guidelines for mixtures. The Acute Toxicity Estimates for this mixture (ATE_{mix}) are representative of these calculations.

Aquatic Toxicity:

Acute Aquatic Toxicity Fish Insufficient Data

Crustacea Insufficient Data

Algae Insufficient Data

Chronic Aquatic Toxicity
Persistence and degradability:
Bioaccumulative potential:
Mobility in soil:

No relevant data available
No relevant data available
No relevant data available

13. DISPOSAL CONSIDERATIONS

The generation of waste should be avoided or minimized wherever possible. Empty containers may retain some product residues. Rinse container before disposal. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff with soil and waterways.

RCRA Classification: Unused disposed material is <u>not</u> a RCRA Hazardous Waste.

Note: Chemical additions to, processing of, or otherwise altering this material may make this waste management information incomplete, inaccurate, or otherwise inappropriate. Furthermore, State and local waste disposal requirements may be more restrictive or otherwise different from Federal laws and regulations.

14. TRANSPORT INFORMATION

UN Number: N/A Transportation Hazard Class: N/A UN Proper Shipping Name: N/A UN Packing Group: N/A None

ADR (EU Carriage): Not regulated RID (Rail) Not regulated AND/ADNR (Inland water): Not regulated ICAO/IATA (Air) Not regulated

IMO/IMDG (Marine): Not regulated

DOT Shipping Name: Non-regulated DOT Hazard Classification: N/A

HS Tariff Classification (Schedule B): 3402.90.5030

Special Precautions: No known special precautions

15. REGULATORY INFORMATION

US FEDERAL REGULATIONS

TSCA Inventory:	All chemical substances in this product are included on or exempted from listing on the TSCA Inventory of Chemical Substances.			
SARA Title III 302/304:	The Superfund Amendments and Reauthorization Act (SARA) Title III requires facilities subject to Subparts 302 & 304 to submit emergency planning and notification information based on Threshold Planning Quantities (TPQs) and Reportable Quantities (RQs) for "Extremely Hazardous Substances" listed in 40 CFR 302.4 and 40 CFR 355. No chemical substances are present in this product at reasonably attainable limits.			
SARA Title III 311 & 312:	The Superfund Amendments and Reauthorization Act (SARA) Title III requires facilities subject to this subpart to submit aggregate information on chemicals by "Hazard Category as defined in 40 CFR 370.2. Chemical substances present in this product can be classified under the following categories:			
	Immediate (acute) Health Hazard Delayed (chronic) Health Hazard Fire Hazard Reactive Hazard	Yes No No No		

Mirachem Floor Cleaner Revision Date: 18-AUG-2023 Formulation Number 2933 Page 5 of 6

SARA Title III 313:	Also known as the Emergency Planning and Community Right-to-Know Act (EPCRA).
	Section 313 requires certain facilities to complete a report annually for specified toxic
	chemicals. No chemical substances are present in this product at or above reporting
	limits.

US State Regulations

California <u>Proposition 65:</u>

California Safe Drinking Water and Toxic Enforcement Act of 1986 This product does not contain materials currently listed by California as chemicals at levels known to cause cancer or known to have reproductive toxicity under Proposition 65.

International Regulatory Information

Notice: The information herein is presented in good faith and believed to be accurate as of the effective date shown above. However, no warrantee, express or implied, is given. Regulatory requirements are subject to change and may differ from one location to another; it is the buyer's responsibility to ensure that its activities comply with their Federal, State/Province, and local laws. The following specific information is made for the purpose of complying with numerous specific foreign regulations.

Country Substance (Chemical) Inventories

Canada DSL The individual components of this mixture are listed.

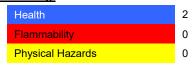

United States TSCA All chemical substances in this material are included on or

exempted from listing on the TSCA Inventory of Chemical

Substances.
